Part I – Loan Origination and Lender Loan Fees

This section is divided into 5 columns. Enter separate line entries for each unique combination of Loan Type, Fee Code, Fee Percent, and Loan Interest Rate. For each line, if any column is completed, all columns for that line must be completed. If you do not have anything to report, please indicate this by inserting zeros in the first line. If applicable, report adjustments to previous quarters. If additional space is needed, make a copy of the blank page and check the block at the bottom of each page.

Applicability: Most FFEL Program loans are subject to a loan origination fee, which is a percentage of the loan principal and is deducted proportionately from each loan disbursement. The fee depends on the period of enrollment covered by the loan. *The Health Care and Education Reconciliation Act of 2010 (HCERA), Public Law 111-152, made significant changes to the federal student loan programs, including ending new loans under the Federal Family Education Loan Program. Beginning July 1, 2010, all new subsidized and unsubsidized Stafford Loans, PLUS loans made to parents and graduate/professional students, and consolidation loans can only be made under the William D. Ford Federal Direct Loan (Direct Loan) Program.*

A Loan Type Provide the 2-letter code of the loan type being reported:

Loan Type	Description
SF	Federal Subsidized (except Unsubsidized & FISL)
SL	Federal SLS
PL	Federal PLUS
CL	Federal Consolidation
SU	Federal Unsubsidized

B Fee Code Provide the code for the period and type of loan activity being reported:

Origination fee adjustments to previously reported quarters:

FI - Net increase in loans you made or bought as reported for a previous quarter, if you owe the origination fees

FD - Net decrease in loans you made or bought as reported for a previous quarter, if the fees are to be credited to you

Lender fee adjustment to previously reported quarters:

LI - Net increase in loans you made or bought as reported for a previous quarter, if you owe the Lender fees

LD - Net decrease in loans you made or bought as reported for a previous quarter, if the fees are to be credited to you

Separate entries must be made for origination fees and for Lender fees. For lines containing the codes FI and LI, ED will charge you the fee. For lines containing the codes FD and LD, you will receive credit toward fees due.

Include all loans, which can be classified under the same loan type, the same adjustment fee code, the same fee percent, and the same loan interest rate in one line item. When using an adjustment code, report

Instructions

the sum of all activity for loans made in all prior quarters. Do not make separate entries for each separate prior quarter.

- Period of *enrollment beginning before 7/1/1994 and disbursed prior to that date*:

- Use the actual rate of the loan for Consolidation loans made on/after 10/1/98; and
- Use **FVAR7, FVAR8, FVAR9, FVAR10, and FVARX** respectively for converted fixed rate loans of 0.07, 0.08, 0.09, or 0.08/0.1 percent.

E Principal Amount of Loans

The principal amount of the loan is the amount disbursed plus the amount of the insurance premium and origination fee deducted prior to disbursement. (The Lender loan fee is based on the same amount and is a **charge to you**. It cannot be charged to the borrower; that is, it cannot be deducted from the loan principal disbursed.)

Instructions

Part II – Interest Benefits

This part is divided into 6 columns. When billing for interest for the quarter covered by the form, (Billing Code BC), make separate line entries for each different loan type and allowable interest rate. Columns A-E must be completed. Column F, Interest Amount, is for reporting adjustments only.

When billing for all other codes (BI and BD), make separate line entries for each type of adjustment. Complete columns A, C, and F. Leave the other columns blank. If additional space is needed, make a copy of the blank page and check the block at the bottom of each page.

Applicability: In general, ED will pay the interest due on:

- Subsidized Federal Stafford and FISL loans while the borrower is in school at least half time, in grace, and during a period of authorized deferment;
- Federal Consolidation loans for which the Lender received the application on/after 1/1/93 and prior to 8/10/93 during periods of authorized deferment;
- Federal Consolidation loans comprised solely of subsidized Federal Stafford Loans for which the Lender received the application on/after 8/10/93 and prior to 11/13/97, during periods of authorized deferment;
- Federal Consolidation loans whose application was received after 11/13/97, interest benefits are paid on the portion of the loan that repaid subsidized Federal Stafford, subsidized Federal Direct Stafford, FISL, subsidized Federal Consolidation, and subsidized Federal Direct Consolidation loans, during periods of authorized deferment; and
- Income Based Repayment - On both subsidized Stafford loans and the subsidized portion of Consolidation loans. On the subsidized loans, if the portion of the scheduled monthly PFH payment amount attributable to those loans is less than the monthly accrued interest on those loans, the Department will pay the difference, for up to three years.

- A Loan Type Provide the 2-letter code for the loan type being reported.
SF - Federal Stafford (except Unsubsidized Stafford) and FISL
CL - Federal Consolidation
- B Interest Rate Provide the interest rate (as a decimal) for loans or portions of loans on which you are billing interest for the quarter covered by this form, as explained above. For loans made at rates other than those shown, make separate line entries for each actual rate used (up to 5 decimal places, then round). For lines showing an adjustment (Billing Code BI or BD), leave this column blank.
- For 6.8% enter 0.068
- For 8.25% enter 0.0825
- C Billing Code Provide the code for the period and type of loan activity being reported:
BC - Interest due to you for the current quarter
BI - Adjustment, resulting in a net increase in the interest due to you from previous quarters' billings
BD - Adjustment, resulting in net decrease in the interest due to you from previous quarters' billings

Instructions

For lines containing the codes BC or BI, you will receive an interest payment from ED. For lines containing the code BD, you will be charged for the amount owed to ED.

If an interest transaction occurred in the current quarter and an adjustment was made to it in the same quarter, report only the net result. Do not report the original action and the adjustment separately.

Use codes BI and BD to report adjustments to interest activity for all prior quarters combined, regardless of the loans' individual interest rates.

For loans eligible for interest under Income Based Repayment – provide the code for the period and type of loan activity being reported:

IC - Interest due to you for the current quarter

II - Adjustment, resulting in a net increase in the interest due to you from previous quarters' billings

ID - Adjustment, resulting in net decrease in the interest due to you from previous quarters' billings

- D Ending Principal Balance Enter the total unpaid principal balance outstanding on all loans or portions of loans eligible for interest benefits (whole dollars only) for the stated Loan Type, Interest Rate and Billing Code combination, as of the last day of the quarter covered by this form. Complete this column only for lines with Billing Code BC.
- E Average Daily Principal Balance For each combination of Loan Type, Interest Rate and Billing Code, enter the average (whole dollars only) of the daily principal balances of all eligible loans or portions of loans for the quarter covered by this form. This is accomplished by adding the outstanding principal balance of all eligible loans or portions of loans for each day in the quarter and dividing by the number of days in the quarter. This column must be completed for any line with Billing Code BC.
- F Interest Amount (Use only for adjustments) For each combination of Loan Type, Interest Rate and Billing Code enter to the nearest penny the amount of interest due you or owed to ED. For IBR activity, enter the amount of unpaid accrued interest.

Do not use Column F for interest due for the current quarter (Billing Code is BC). This column is *required* for adjustments (Billing Code is BI or BD). Enter a positive number only. We will use the Billing Code to determine whether you are due interest or owe money to ED.

Instructions

Part III – Special Allowance

This part is divided into 9 columns. Make separate line entries for each different combination of Billing Code, Calendar Year, Quarter Code, Loan Type, Special Allowance Category, and Interest Rate. Applicability: In general, special allowance may be paid on all loans, except certain Federal Stafford and FISL loans and any “HEAL” portion of a Consolidation loan. For loans disbursed on/after 4/1/06, if the applicable interest rate exceeds the market rate, the lender may owe funds back the government.
